

Training Summary

Name: Sawyer 301

Summary: The Sawyer 301 Certification is designed to prepare the participant for the roles of Chief Operator, Evaluator and Driver. This focus of the training will be around advanced sawyer techniques, leadership and how to safely drive a vehicle.

Upon Completion: Participants will be certified at the 301-level giving authorization to be the crew leader & driver. Additionally, participants will be able to assist with classroom instruction and conduct field training for the Sawyer 101. With the 301 certification you will be expected to volunteer as often as possible in the sawyer 101 and 201 classes that will be scheduled throughout the year.
